### Product Specifications

|                    |   |
|--------------------|---|
| <b>LED:</b>        | Super Duty   13<br>SMD 3030   6                 |
| <b>DIMENSION:</b>  | Ø3.42" x 2.72"                                  |
| <b>VOLT RANGE:</b> | 7.5 - 14 VDC                                    |
| <b>AMP DRAW:</b>   | 340mA   High<br>80mA   Low<br>270mA   Auxiliary |

### Product Features

- Chrome Diode Surround & Center Tower
- 1 Center Diode | 12 Outside Diodes | 6 Tower Diodes
- Impact Resistant Polycarbonate Lens & Housing
- Conformally Coated Electronics
- Includes Stainless Steel Trim Ring & Mounting Hardware
- Foam Rubber Base Gasket
- 4 Wire: White = Ground (-) | Black = Power (+) (low circuit) | Red = Power (+) (high circuit) | Yellow = Power (+)(secondary color change circuit)
- 8" Wires to .180 Male Bullet Terminals
- SAE P2 PC | Primary color only

### Drawings

The HDL DualShift™ Series delivers the versatility today's drivers demand. Each light is powered by our exclusive ColorFlux™ Technology — a dual-color, color-changing system that lets you shift seamlessly from work mode to show mode.
